

BJ-1646 Coupler Plates

ST Couplers

SC Couplers

FC Couplers

LC and MTRJ Couplers

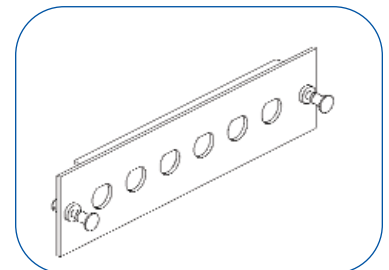

These plates provide for fiber and copper cross-connection and termination in distribution units. These are ideal for small Central Office or Customer Premise applications.

Features:

- Standard plates are 6 position, available in 4, 8, and 12
- Compatible with all BEJED FDUs and general purpose Distribution Units
- Available in plastic (off-white) or metal (off-white or black)
- Available in Cat 3, 5, or 6 data or phone jacks
- Available loaded or unloaded with couplers
- Standard and Hybrid couplers available
- Single-Mode or Multi-Mode couplers
- Push rivets for easy installation
- RJ-11 and RJ-45 type jacks
- Simplex or Duplex
- Dust caps provided
