

Wall Mount Fiber Distribution Unit

closed front view

open front view

This enclosure features a front gasketed cover for extra environmental protection. An inner cover provides riser cable or outside plant protection. Suited for LAN applications where environmental and security concerns exist.

Features:

- Terminates 24 fibers with standard 6 port coupler plates
- Dual door separates input and output terminations
- Gasketed outer door for NEMA 5 compliant
- Ample room for splicing and storage
- Optional lockable doors available
- Cabling from the top or bottom
- Push button style latch or lock

Specifications
