

Wall Mount Fiber Optic Distribution Unit

BJ-2141

2 Coupler Plate, 1 Mini Splice Tray Wall Mount

Features

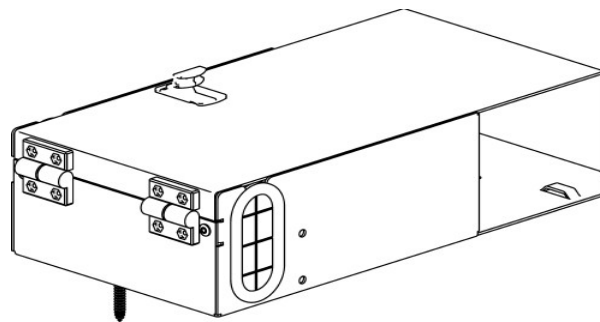

- Terminates up to 48 fibers with LC Quad Coupler Plates
- Cable entrance and exits both top and bottom
- Heavy guage construction and size ideal for small cabinets and enclosures
- Utilizes the BJ-1742E-012 splice tray for 900uM singlemode or economy BJ-2141S splice tray for 2mm multimode splice storage. Supports BJ-1796 fiber clamps

Application

This compact wall mount enclosure can hold two coupler plates and one optional Bejed Mini Splice Tray. It is ideally suited for small LANs and industrial fiber applications where space is limited.
